Hey there. Sorry about the drama. It was... it was an emotional decision, and I didn't

Very.

I've just added it to my infinite Netflix queue. :)

I've put it on reserve at the library; it's in now, I just have to pick it up tomorrow. :)

The Bobby Pickett version makes me wonder if there's someone out there who can identify thousands of '50s and '60s songs by their back-up vocals. I mean, is there another song out there that includes "Inna-shoop-wah-oo"?

Of course there is.

"But remember, my son, this power must be used solely for good. Do not use your 'Fantabulous Identifying Backup-Singer' power for picking up girls."

"Awww, dad!"

"Use it to defeat their Evil Scumbag Dates! They'll be climbing all over you!"

Um...

I might not be able to do it for all '50s & '60s songs, but I bet there are quite a few that I know well enough to be able to do that. Especially if it's a audio track of the back-up vocals rather than a transcription.

Yes, my taste in music is a little odd for a not-quite-30-year-old.
